JOURNAL OF REPRODUCTIVE IMMUNOLOGY

Contents (Volume 39)

Nos. 1,2

Mechanisms of protein feedback on gonadotropin secretion
D.M. de Kretser, D.J. Phillips (Clayton, Victoria, Australia). 1

The IGF family and folliculogenesis
E.Y. Adashi (Salt Lake City UT) 13

An anti-inflammatory role for glucocorticoids in the ovaries?
S.G. Hillier, M. Tetsuka (Edinburgh, UK) 21

Ovarian follicular dynamics: from basic science to clinical practice
A. Pellicer, P. Gaitán, F. Neuspiller, G. Ardiles, C. Albert, J. Remohí, C. Simón (Valencia, Spain) 29

Paracrine mechanisms of ovarian follicle apoptosis
S.-Y. Chun, A.J.W. Hsueh (Kwangju, South Korea; Stanford, CA). 63

Inhibin and ovarian cancer
H.G. Burger, A. Baillie, A.E. Drummond, D.L. Healy, T. Jobling, P. Mamers, D.M. Robertson, Susil, N. Cahir, Y. Shen, K. Verity, P.J. Fuller, N.P. Groome, J.K. Findlay (Victoria, Australia; Oxford, UK) 77

Paracrine regulation of menstruation
C. Bulletti, D. De Ziegler, A. Albonetti, C. Flamigni (Rimini, Italy; Nyon, Switzerland) 89

Paracrine signaling in the endometrium: integrins and the establishment of uterine receptivity
B.A. Lessey, J.T. Arnold (Chapel Hill, NC) 105

Cytokines and embryo implantation
C. Simón, C. Moreno, J. Remohí, A. Pellicer (Valencia, Spain) 117

Paracrine actions of insulin-like growth factors and IGF binding protein-1 in non-pregnant human endometrium and at the decidual–trophoblast interface
L.C. Giudice, S.P. Mark, J.C. Irwin (Stanford CA) 133

The hormonal control of endometrial receptivity: estrogen (E_2) and progesterone
D. de Ziegler, R. Fanchin, B. de Moustier, C. Bulletti (Nyon, Switzerland; Paris, Clamart, France; Bologna, Italy) 149

Involvement of trophoblast in embryo implantation: regulation by paracrine factors
P. Bischof, A. Meisser, A. Campana (Geneva, Switzerland) 167

Functional regulation of human trophoblast differentiation
D.W. Morrish, J. Dakour, H. Li (Edmonton, Alberta, Canada). 179

Oxygen regulates human cytotrophoblast differentiation and invasion: implications for endovascular invasion in normal pregnancy and in pre-eclampsia
Y. Zhou, O. Genbacev, C.H. Damsky, S.J. Fisher (San Francisco CA) 197

0165-0378/98/$19.00 © 1998 Elsevier Science Ireland Ltd. All rights reserved

Alterations in the hypothalamic pituitary adrenal axis during pregnancy and the placental clock that determines the length of parturition
R. Smith (NSW, Australia) 215
Paracrine regulation of human placenta: control of hormonogenesis
F. Petraglia, M. Santuz, P. Florio, T. Simoncini, S. Luisi, L. Plaino, A.R. Genazzani, A.D. Genazzani, A. Volpe (Udine, Pisa, Modena, Italy) 221
Workshop on Paracrine Mechanisms in Female Reproduction; Abstracts of free communication and poster presentations 235

Contents of Volume 39 251
